Ensured Sanitary & Hygienic Engineered Design

For all your Hygienic Construction & Maintenance
of Food Premises.

Meet ESHED. ESHED stands for Ensured Sanitary & Hygienic Designs. Operating a food processing plant is very challenging under perfect conditions. Levels of cleanliness, sanitization and contamination control must always be maintained. If this is the case under normal conditions, imagine how more challenging the plant operation becomes when food processing continues during construction. As with any industrial construction project, modification, or an upgrade of a food processing plant, it requires application of conceptual sanitary design principles .

Supply Division

At Eshed, we are more than just leaders in food safety and hygiene standards—we are your trusted partners in securing high-quality supplies essential for the food processing industry. Our newly launched Supply Division is dedicated to delivering top-tier products that seamlessly support your operational excellence. ensuring your processing plant meets hygienic standards equipped to support your goals and drive your bottomline.

Our client base consists of:

Food Processing Plants, Hospitality and Catering Industries, Restaurants, Hotels, Pharmaceutical companies, Clinics, Hospitals, Beauty Salons, Hair Dressers, Industrial & Commercial laundries, Prisons, Butcheries, Abattoirs and your tier one fast food chains to name a few..

Why choose Eshed Supply Division?

Premium Quality, Every Time

- We source only the finest materials and equipment, ensuring compliance with stringent hygiene and safety protocols to safeguard your food processing environment.

Tailored Solutions

- From cleaning agents to specialised tools, our product range is curated to meet the unique needs of your business, empowering you to achieve operational efficiency and superior output.

Reliable Partnerships

- We collaborate with trusted manufacturers and suppliers, guaranteeing consistency and reliability in every product we deliver.

Sustainability First

- In alignment with global sustainability goals, our supply offerings include eco-friendly and sustainable options to minimize environmental impact without compromising performance.

Eshed Supply Division has two subcategories, namely:

- **5 s Visual management** - our products aim is to enhance workplace productivity and efficiencies, through organisation, clear communication and visual illustration.
- **Food contact and Non-Food contact supplies** - maximising workplace organisation, customised to your needs.

SWEEPING BROOMS

LOBBY BROOM
3104x | 260mm

Easily clean the narrow spaces between production line equipment with this Lobby Broom. Ideal for sweeping dry areas, perfect for use with a lobby pan, and can be used with any Vikan handle.

LOBBY BROOM ANGLE CUT
3105x | 260mm

The broom head is manufactured with two different bristle diameters to give a smooth and even sweeping effect for both dry and moist debris. The angle cut trimming offers an ergonomic sweeping position.

SWEEPING BROOM
7068x | 300mm

STRAIGHT NECK BROOM
3166x | 310mm

SWEEPING BROOMS

2-PHASE SWEEPING BROOM LARGE 3174x | 410mm

This broom has firm front bristles that loosen stubborn dirt and heavier debris, while the softer rear bristles gather the finer particles.

SWEEPING BROOM 3179x | 410mm

This broom is designed to effectively sweep flour, starch and other powders from dry areas. Can be used with any Vikan handle.

2-PHASE SWEEPING BROOM LARGE 3194x | 610mm

SPECIALITY BROOMS

SF S

WALL WASHING BRUSH

7067x | 240mm

Easily remove dust and dirt from high level, difficult-to-reach areas with this fully adjustable waterfed Washing Brush, ideal for a variety of cleaning tasks. Features split fibre bristles that retain water to improve cleaning efficacy. Can be used with any Vikan handle.

H

CREVICE SCRUB

7040x | 225mm

Effectively clean beneath and between machines and equipment with this angle-adjustable Crevice Scrub that can even be used with the handle parallel to the floor. The arrow-shaped filaments reach into small cracks and crevices, while a middle row of stiff filaments provides high scrubbing efficacy.

S

SWEEPING BROOM LARGE

3199x | 610mm

DUSTPAN SETS

PAN & BRUSH SET

The Dustpan features thick walls for strength, durability and ease of cleaning. The medium hand brush removes particles from conveyor belts, food preparation surfaces, tables and equipment with ease.

DUSTPAN SET

6089x

Hand Brush: 330mm

Dustpan: 330mm

DUSTPAN

DUSTPAN

5660x | 330mm

UPRIGHT DUSTPAN

The contact lip is designed for easy and efficient sweeping into the dustpan. The outer front surface has a raised area to prevent debris from falling out of the dustpan. The enlarged rear and side walls enable the dustpan to hold larger volumes of debris.

UPRIGHT DUSTPAN

5662x | 1050mm (Height)

Upright Dustpan: 330mm

Aluminium Handle: 1050mm

DUSTPAN SETS

X = 1 2 3 4 5 6 7 8 9 66 77 88

Opening and closing the dustpan

From upright position the dustpan is easily opened by pulling the handle 30 degrees backwards.

Close floor contact

A 320-mm contact lip that closes near the floor provides easy and efficient sweeping.

Angle-cut broom

This ensures smooth, even and ergonomic sweeping.

LONG HANDLED DUSTPAN SET

The dustpan is closed by pushing the handle to a vertical position and lifting the dustpan away from the floor.

The broom should be hung on the opening side of the dustpan to ensure the secure storage of the dustpan set.

DUSTPAN SET

5661x | 1170mm (Height)

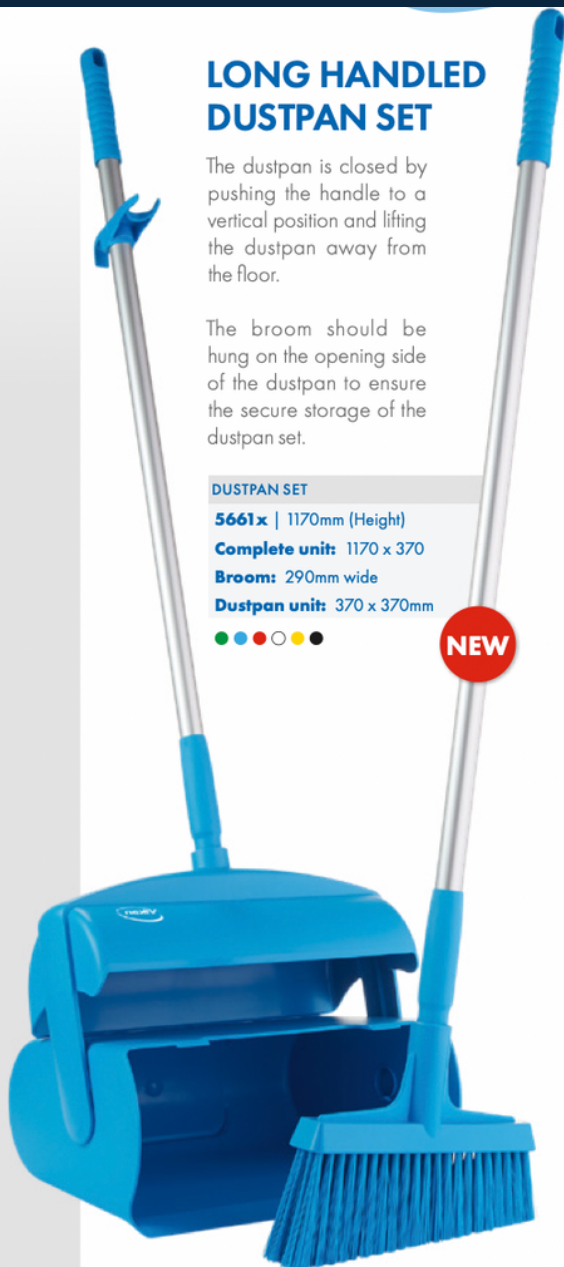

Complete unit: 1170 x 370

Broom: 290mm wide

Dustpan unit: 370 x 370mm

Waterfed Handle - 2991Q5

Telescopic waterfed handles give great reachability - up to 2,78m for high to reach areas . It is also coupled with a hose to ensure proper washdown and an applicable broom.

At times, secondary colour coding may be required in your facility. If so, consider Vikan's food grade silicone bands. Available in twelve colours, the bands are suitable for all Vikan handles. Tight fit prevents water or foreign matter getting under band. Each colour is sold in a set of 5.

COLOUR CODING RUBBER BANDS

9801x | Ø 26mm

COLOUR CODING RUBBER BANDS

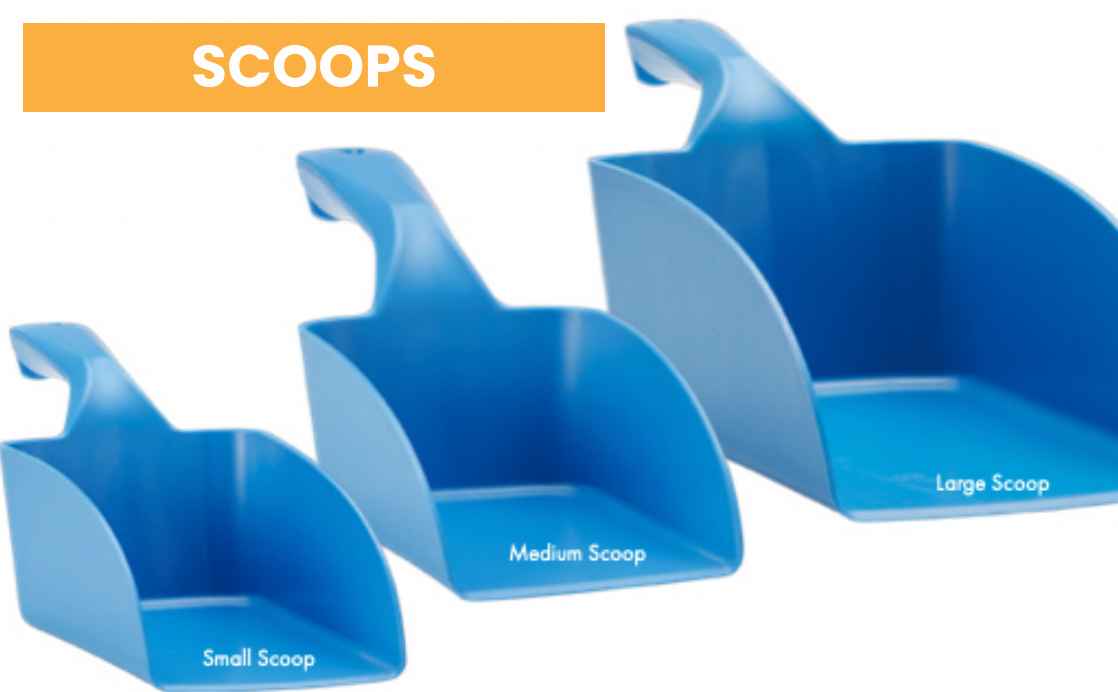

9802x | Ø 40mm

Need a secondary colour code for your cleaning equipment? Secondary colour coding of cleaning equipment helps distinguish it for use on different lines. These bands fits brushes, brooms and squeegee handles.

ROUND BOWL SCOOP

5682x

Lightweight and durable, this ergonomically designed Round Bowl Scoop features a pouring spout on two sides to enable both left and right-handed users to pour from the scoop. One-piece construction eliminates areas where bacteria can be harboured, and a smooth surface allows for easy cleaning. Ideal for use in food production areas to move food ingredients, liquids, etc. The scoop's interior contains a measuring scale.

Fill, measure and pour more accurately with this cleverly designed jug. Easy-to-read transparent scales on each side let you choose your unit of measurement (millilitres / UK fluid ounces / US fluid ounces). This elongated spout and optimised handle ensures easy, precise pouring, and the wide bottom ensures stability and hygienic cleaning.
